1. Open your INDD file in Adobe InDesign.

2. In the top menu, go to Window, then Color and open Swatches.

3. The Swatch name must be one of the following: Gold Foil, Hot Stamping, Gold Hot Foil, Rose Gold Foil, Rose Gold Hot Foil.

4. Go into your new file.

5. From the top menu, go to Window, then Separations Preview.

6. From the top menu, go to Window, then Output Preview.

7. Export your file as a PDF.

8. Open your PDF as Acrobat Pro.

9. Double-click to open the PDF and review the layer in the PDF.
